Linking Multiple Accounts in iLearning Engines

ERMA is not the only entity that partners with iLearning Engines (iLE) to provide services to our members. Other pools, such as CARMA, LAWCX, PLAN, VCJPA, and Sedgwick Risk Control all utilize iLE to provide the best services to our members.

As we continue to provide support for ERMAnet, we are noticing our members are having trouble logging in. iLE has a 'link account' function that allows a user to link several accounts to one email address.

Once the account is linked, a user can toggle between accounts for various pools. To help you link your accounts, we have created the **step-by-step** guide on this page. For more help or questions, email ERMAtraining@sedgwick.com.
